

I am very concerned about the vote you are planning on June 2 to allow massive changes to and consolidation of ownership of the media. I want rules in place that serve the public, rather than private, interest. I oppose taking a vote that leads to more media consolidation and I urge you to retain the current ownership rules when and if a vote comes up.

I am also equally concerned about the process (or rather lack of process) leading up to a potential June 2 vote. There has been a complete disregard for the views and opinions of the American people. There has been no time for Congress to debate and consider the issue and only a single meeting to hear the views of the public. This vote should be delayed so that there is time to have a democratic debate on the consequences on a proposal of such massive importance.
